

Save 200Kč

If you're heading east after Prague, here's how to save a couple of hours, 100 miles and 200Kč.

***Don't do Kutná Hora as a daytrip from Prague.**
***Leave early and visit it on your way to Olomouc, Slovakia or Krakow, checking your bags into the luggage room at Kutná Hora main station for the day.**

Let's take **Olomouc** as our example. (The principle is the same even if you're not stopping there, but you should stop there - it's easily Moravia's most beautiful city - kind of like Prague but smaller and friendlier).

If you travel east from Prague your 2 main options are:

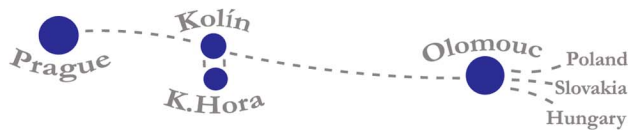

(1) The way most people do it

Prague-Kutná Hora-Prague-Olomouc - 500Km, 500Kč

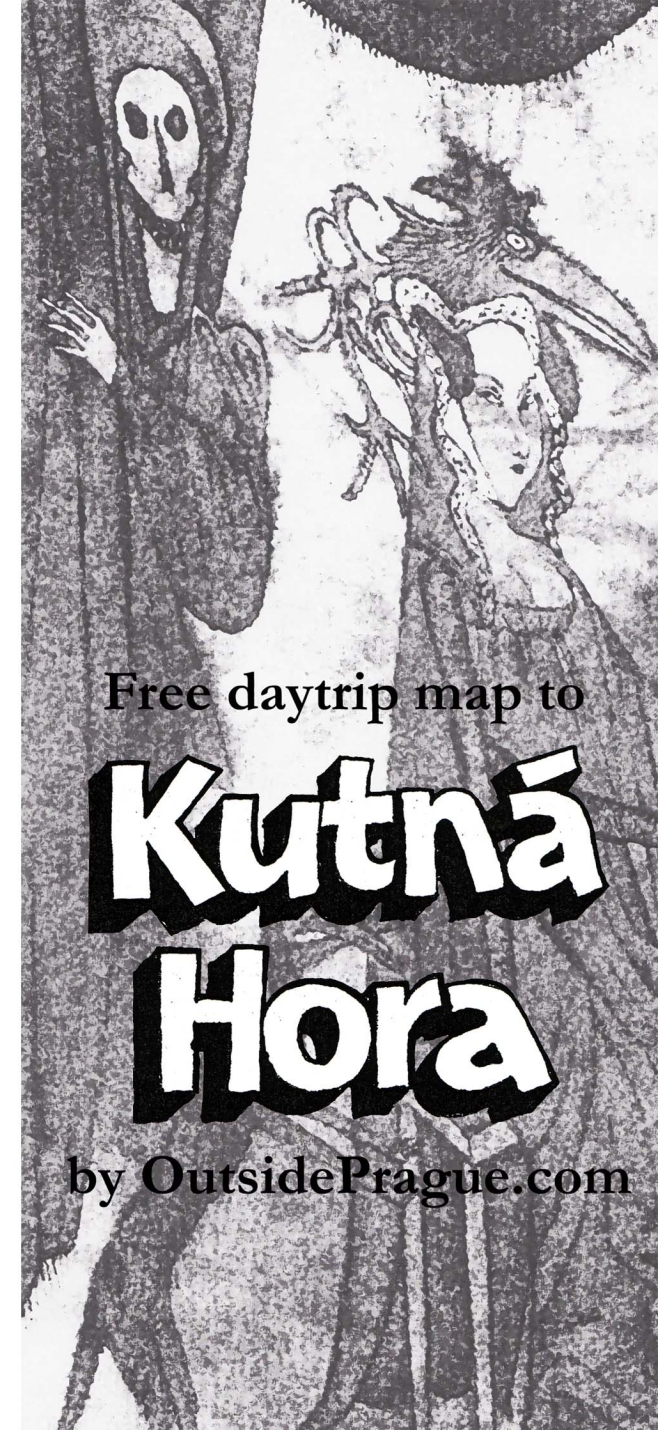

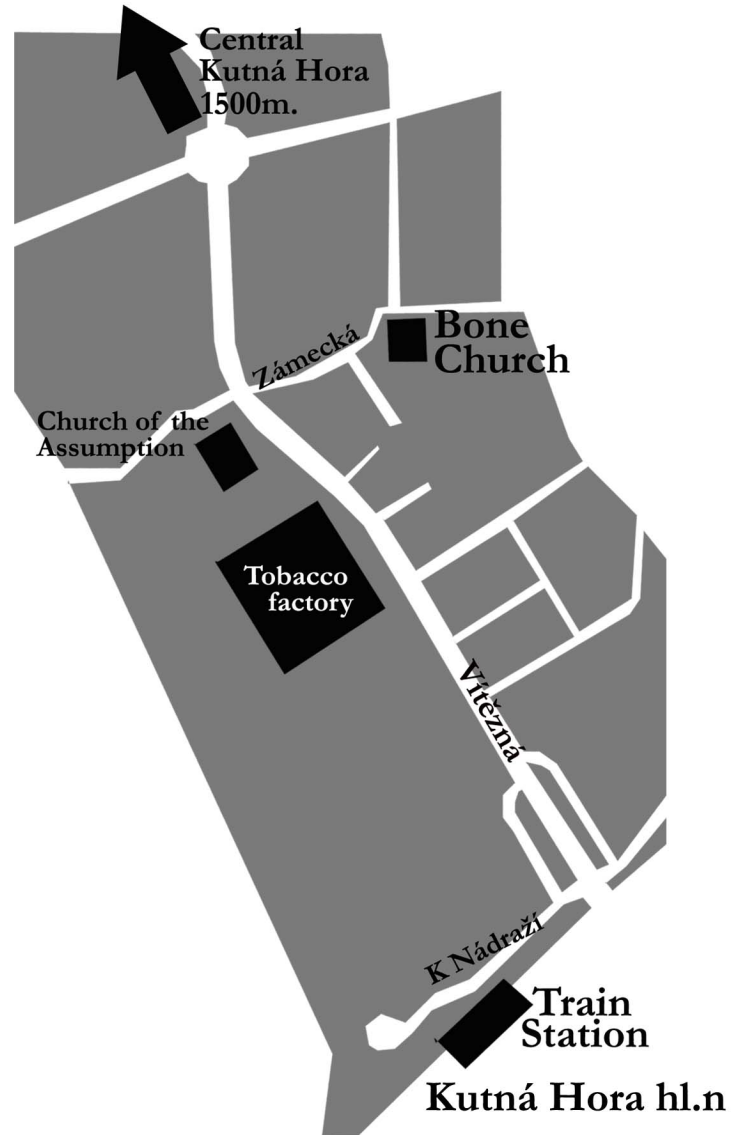

(2) The smart way

Prague-Kutná Hora-Olomouc - 300Km, 300Kč
